Uniform Residential Loan Application

This application is designed to be completed by the applicant(s) with the Lender's assistance. Applicants should complete this form as "Borrower" or "Co-Borrower", as applicable. Co-Borrower information must also be provided (and the appropriate box checked) when the income or assets of a person other than the Borrower (including the Borrower's spouse) will be used as a basis for loan qualification or the income or assets of the Borrower's spouse or other person who has community property rights pursuant to state law will not be used as a basis for loan qualification, but his or her liabilities must be considered because the spouse or other person has community property rights pursuant to applicable law and Borrower resides in a community property state, the security property is located in a community property state, or the Borrower is relying on other property located in a community property state as a basis for repayment of the loan.

If this is an application for joint credit, Borrower and Co-Borrower each agree that we intend to apply for joint credit (sign below):

The purpose of collecting this information is to help ensure that all borrowers are treated fairly and that the housing needs of communities and neighborhoods are being fulfilled. For residential mortgage lending, Federal law requires that we ask borrowers for their demographic information (ethnicity, race, and sex) in order to monitor our compliance with equal credit opportunity, fair housing, and home mortgage disclosure laws. You are not required to provide this information, but are encouraged to do so. You may select one or more designations for "Ethnicity" and one or more designations for "Race". The law provides that we may not discriminate on the basis of this information, or on whether you choose to provide it. However, if you choose not to provide the information and you have made this application in person, Federal regulations require us to note your ethnicity, race, and sex on the basis of visual observation or surname. The law also provides that we may not discriminate on the basis of age or marital status information you provide in this application. If you do not wish to provide some or all of this information, please check below.

NOTICE TO THE HOME LOAN APPLICANT

IMPORTANT

DO NOT SIGN THIS FORM UNTIL YOU CAREFULLY
READ IT AND UNDERSTAND ITS CONTENT

SECTION 1. REQUIRED CREDIT SCORING NOTICE

In connection with your application for a home loan, the lender must disclose to you the score that a consumer reporting agency distributed to users and the lender used in connection with your home loan, and the key factors affecting your credit scores.

The credit score is a computer generated summary calculated at the time of the request and based on information a consumer reporting agency or lender has on file. The scores are based on data about your credit history and payment patterns. Credit scores are important because they are used to assist the lender in determining whether you will obtain a loan. They may also be used to determine what interest rate you may be offered on the mortgage. Credit scores can change over time, depending on your conduct, how your credit history and payment patterns change, and how credit scoring technologies change.

Because the score is based on information in your credit history, it is very important that you review the credit-related information that is being furnished to make sure it is accurate. Credit records may vary from one company to another.

If you have questions about your credit score or the credit information that is furnished to you, contact the consumer reporting agency at the address and telephone number provided with this notice, or contact the lender, if the lender developed or generated the credit score. The consumer reporting agency plays no part in the decision to take any action on the loan application and is unable to provide you with specific reasons for the decision on a loan application.

If you have questions concerning the terms of the loan, contact the lender.

BY SIGNING BELOW, I ACKNOWLEDGE THAT I HAVE READ, RECEIVED AND UNDERSTOOD THIS DISCLOSURE AND THE ACCOMPANYING INFORMATION REGARDING MY CREDIT SCORE.

A Summary of Your Rights Under the Fair Credit Reporting Act

The federal Fair Credit Reporting Act (FCRA) promotes the accuracy, fairness, and privacy of information in the files of consumer reporting agencies. There are many types of consumer reporting agencies, including credit bureaus and specialty agencies (such as agencies that sell information about check writing histories, medical records, and rental history records). Here is a summary of your major rights under FCRA. **For more information, including information about additional rights, go to www.consumerfinance.gov/learnmore or write to: Consumer Financial Protection Bureau, 1700 G Street N.W., Washington, DC 20552.**

- **You must be told if information in your file has been used against you.** Anyone who uses a credit report or another type of consumer report to deny your application for credit, insurance, or employment – or to take another adverse action against you – must tell you, and must give you the name, address, and phone number of the agency that provided the information.
- **You have the right to know what is in your file.** You may request and obtain all the information about you in the files of a consumer reporting agency (your “file disclosure”). You will be required to provide proper identification, which may include your Social Security number. In many cases, the disclosure will be free. You are entitled to a free file disclosure if:
 - a person has taken adverse action against you because of information in your credit report;
 - you are the victim of identity theft and place a fraud alert in your file;
 - your file contains inaccurate information as a result of fraud;
 - you are on public assistance;
 - you are unemployed but expect to apply for employment within 60 days.

In addition, all consumers are entitled to one free disclosure every 12 months upon request from each nationwide credit bureau and from nationwide specialty consumer reporting agencies. See www.consumerfinance.gov/learnmore for additional information.

- **You have the right to ask for a credit score.** Credit scores are numerical summaries of your credit-worthiness based on information from credit bureaus. You may request a credit score from consumer reporting agencies that create scores or distribute scores used in residential real property loans, but you will have to pay for it. In some mortgage transactions, you will receive credit score information for free from the mortgage lender.
- **You have the right to dispute incomplete or inaccurate information.** If you identify information in your file that is incomplete or inaccurate, and report it to the consumer

reporting agency, the agency must investigate unless your dispute is frivolous. See www.consumerfinance.gov/learnmore for an explanation of dispute procedures.

- **Consumer reporting agencies must correct or delete inaccurate, incomplete, or unverifiable information.** Inaccurate, incomplete, or unverifiable information must be removed or corrected, usually within 30 days. However, a consumer reporting agency may continue to report information it has verified as accurate.
- **Consumer reporting agencies may not report outdated negative information.** In most cases, a consumer reporting agency may not report negative information that is more than seven years old, or bankruptcies that are more than 10 years old.
- **Access to your file is limited.** A consumer reporting agency may provide information about you only to people with a valid need – usually to consider an application with a creditor, insurer, employer, landlord, or other business. The FCRA specifies those with a valid need for access.
- **You must give your consent for reports to be provided to employers.** A consumer reporting agency may not give out information about you to your employer, or a potential employer, without your written consent given to the employer. Written consent generally is not required in the trucking industry. For more information, go to www.consumerfinance.gov/learnmore.
- **You may limit “prescreened” offers of credit and insurance you get based on information in your credit report.** Unsolicited “prescreened” offers for credit and insurance must include a toll-free phone number you can call if you choose to remove your name and address from the lists these offers are based on. You may opt out with the nationwide credit bureaus at 1-888-5-OPTOUT (1-888-567-8688).
- The following FCRA right applies with respect to nationwide consumer reporting agencies:

CONSUMERS HAVE THE RIGHT TO OBTAIN A SECURITY FREEZE

You have a right to place a “security freeze” on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit.

As an alternative to a security freeze, you have the right to place an initial or extended fraud alert on your credit file at no cost. An initial fraud alert is a 1-year alert that is

placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting 7 years.

A security freeze does not apply to a person or entity, or its affiliates, or collection agencies acting on behalf of the person or entity, with which you have an existing account that requests information in your credit report for the purposes of reviewing or collecting the account. Reviewing the account includes activities related to account maintenance, monitoring, credit line increases, and account upgrades and enhancements.

- **You may seek damages from violators.** If a consumer reporting agency, or, in some cases, a user of consumer reports or a furnisher of information to a consumer reporting agency violates the FCRA, you may be able to sue in state or federal court.
- **Identity theft victims and active duty military personnel have additional rights.** For more information, visit www.consumerfinance.gov/learnmore.

To file a direct dispute with The National Bank of Texas, mail your dispute in writing to The National Bank of Texas, Attn: Loan Operations Officer, P. O. Box 161969, Fort Worth, TX 76161-1969. Include the NBT loan number, the specific information being disputed and any supporting documentation that will substantiate the basis of the dispute.

States may enforce the FCRA, and many states have their own consumer reporting laws. In some cases, you may have more rights under state law. For more information, contact your state or local consumer protection agency or your state Attorney General. For information about your federal rights, contact:

ADJUSTABLE-RATE MORTGAGE LOAN PROGRAM DISCLOSURE

NATIONAL BANK OF TEXAS

This is not a contract nor a commitment to lend.

This disclosure describes the features of the adjustable-rate mortgage (ARM) program you are considering. It covers loans for which the interest rate and payment remain unchanged for the first 5 years (5/1 ARMs) or 3 years (3/1 ARMs). Information on other ARM programs is available upon request.

This disclosure does not constitute a commitment to make a loan to you. If you eventually obtain a loan, the note, security instrument and related documents will establish your legal rights and obligations regarding the loan.

Information Applicable to All ARM Loans

How Your Interest Rate and Payment Are Determined

- Your interest rate will be based on an index plus a margin.
 - The interest rate will be based on the weekly average yield on United States Treasury Securities adjusted to a constant maturity of 10 years (your index), plus our margin.
 - Information about the index is published weekly by the Federal Reserve in Statistical Release H.15.
 - Your interest rate will equal the index rate plus our margin unless your interest rate “caps” limit the amount of change in the interest rate.
 - Your initial interest rate is based on the greater of 1.5% or the weekly average yield on United States Treasury Securities adjusted to a constant maturity of 10 years (your index), plus our margin. Ask for our current interest rate and margin.
 - Your interest rate will never be less than your initial interest rate.
 - Your index will be the most recent figure available as of each change date. If the index is discontinued, we may use a comparable index.
- Your payment will be based on the interest rate, loan balance, and remaining loan term.

Additional Features:

- This loan program does not contain a demand feature.
- This loan program does not have a conversion option to a fixed interest rate.

For additional information on:

5/1 ARM Loans – See Page 2

3/1 ARM Loans – See Page 3

Additional Information for 5/1 ARM Loans

How Your Interest Rate Can Change

- Your interest rate is fixed for the first 60 months(s), after which the interest rate can change every 12 months to the index value plus the margin, subject to the limits below.
- Your first interest rate cannot increase or decrease more than 2 percentage points (2%).
- Your interest rate cannot increase or decrease more than 2 percentage points (2%) at each adjustment after the first rate change.
- Your interest rate cannot increase or decrease by more than 6 percentage points (6%) over the term of the loan.

How Your Payment Can Change

- There is no change in your payment for the first 60 month(s). At the end of 60 month(s) your payment can change every 12 months based on changes in the interest rate.
- You will be notified at least 210, but no more than 240, days before the first payment at the adjusted level is due after the initial interest rate adjustment of the loan. This notice will contain information about the adjustment, including the interest rate, payment amount, and loan balance.
- You will be notified at least 60, but no more than 120, days before the first payment at the adjusted level is due after any interest rate adjustment resulting in a corresponding payment change. This notice will contain information about the adjustment, including the interest rate, payment amount, and loan balance.
- **Your monthly payment can increase or decrease substantially based on changes in the interest rate.**

Interest Rate and Payment Example

- For example, on a \$10,000 loan with an initial interest rate of 4.50% (the index in effect March 4, 2020 or 1.50%, whichever is higher, plus margin of 3.00%) the maximum amount that the interest rate can rise under this program is 6.000 percentage points, to 10.50%.
 - On a 30 year loan, the monthly payment can rise from a first-year payment of \$50.66 to a maximum of \$61.55 in the 6th year.
 - On a 20 year loan, the monthly payment can rise from a first-year payment of \$63.25 to a maximum of \$72.03 in the 6th year.
 - On a 15 year loan, the monthly payment can rise from a first-year payment of \$76.47 to a maximum of \$83.80 in the 6th year.
 - On a 10 year loan, the monthly payment can rise from a first-year payment of \$103.60 to a maximum of \$108.73 in the 6th year.
- To see what your payments would be, divide your mortgage amount by \$10,000; then multiply the monthly payment by that amount. For example, the monthly payment for a mortgage amount of \$60,000 would be:
 - On a 30 year loan: $\$60,000 \div \$10,000 = 6$; $6 \times \$50.66 = \303.96 per month.
 - On a 20 year loan: $\$60,000 \div \$10,000 = 6$; $6 \times \$63.25 = \379.50 per month.
 - On a 15 year loan: $\$60,000 \div \$10,000 = 6$; $6 \times \$76.47 = \458.82 per month.
 - On a 10 year loan: $\$60,000 \div \$10,000 = 6$; $6 \times \$103.60 = \621.60 per month.

Additional Information for 3/1 ARM Loans

How Your Interest Rate Can Change

- Your interest rate is fixed for the first 36 months(s), after which the interest rate can change every 12 months to the index value plus the margin, subject to the limits below.
- Your first interest rate cannot increase or decrease more than 2 percentage points (2%).
- Your interest rate cannot increase or decrease more than 2 percentage points (2%) at each adjustment after the first rate change.
- Your interest rate cannot increase or decrease by more than 6 percentage points (6%) over the term of the loan.

How Your Payment Can Change

- There is no change in your payment for the first 36 month(s). At the end of 36 month(s) your payment can change every 12 months based on changes in the interest rate.
- You will be notified at least 210, but no more than 240, days before the first payment at the adjusted level is due after the initial interest rate adjustment of the loan. This notice will contain information about the adjustment, including the interest rate, payment amount, and loan balance.
- You will be notified at least 60, but no more than 120, days before the first payment at the adjusted level is due after any interest rate adjustment resulting in a corresponding payment change. This notice will contain information about the adjustment, including the interest rate, payment amount, and loan balance.
- **Your monthly payment can increase or decrease substantially based on changes in the interest rate.**

Interest Rate and Payment Example

- For example, on a \$10,000 loan with an initial interest rate of 5.40% (the index in effect March 4, 2020 or 1.50%, whichever is higher, plus margin of 3.90%) the maximum amount that the interest rate can rise under this program is 6.000 percentage points, to 11.40%.

—On a 15 year loan, the monthly payment can rise from a first-year payment of \$81.15 to a maximum of \$90.15 in the 4th year.

—On a 10 year loan, the monthly payment can rise from a first-year payment of \$107.98 to a maximum of \$115.28 in the 4th year.

- To see what your payments would be, divide your mortgage amount by \$10,000; then multiply the monthly payment by that amount. For example, the monthly payment for a mortgage amount of \$60,000 would be:

—On a 15 year loan: $\$60,000 \div \$10,000 = 6$; $6 \times \$81.15 = \486.90 per month.

—On a 10 year loan: $\$60,000 \div \$10,000 = 6$; $6 \times \$107.98 = \647.88 per month.

How to use the booklet

When you and your mortgage lender discuss adjustable-rate mortgages (ARMs), you receive a copy of this booklet. When you apply for an ARM loan, you receive a Loan Estimate. You can request and receive multiple Loan Estimates from competing lenders to find your best deal.

You may want to have your Loan Estimate handy for any loan you are considering as you work through this booklet. We reference a sample Loan Estimate throughout the booklet to help you apply the information to your situation.

You can find more information about ARMs at cfpb.gov/about-arms. You'll also find other mortgage-related CFPB resources, facts, and tools to help you take control of the homebuying process.

About the CFPB

The Consumer Financial Protection Bureau regulates the offering and provision of consumer financial products and services under the federal consumer financial laws and educates and empowers consumers to make better informed financial decisions.

This booklet, titled Consumer Handbook on Adjustable Rate Mortgages, was created to comply with federal law pursuant to 12 U.S.C. 2604 and 12 CFR 1026.19(b)(1).

How can this booklet help you?

This booklet can help you decide whether an adjustable-rate mortgage (ARM) is the right choice for you and to help you take control of the homebuying process.

Your lender may have already provided you with a copy of Your Home Loan Toolkit. You can also download the Toolkit from the CFPB's Buying a House guide at consumerfinance.gov/owning-a-home.

An ARM is a mortgage with an interest rate that changes, or "adjusts," throughout the loan.

With an ARM, the interest rate and monthly payment may start out low. However, both the rate and the payment can increase very quickly.

Consider an ARM only if you can afford increases in your monthly payment—even to the maximum amount.

After you finish this booklet:

- You'll understand how an ARM works and whether it's the right choice for you. (page 2)
- You'll know how to review important documents when you apply for an ARM. (page 6)
- You'll understand the risks that come with different types of ARMs. (page 18)

Is an ARM right for you?

ARMs come with the risk of higher payments in the future that you might not be able to predict. But in some situations, an ARM might make sense for you. If you are considering an ARM, be sure to understand the tradeoffs.

TIP

Don't count on being able to refinance before your interest rate and monthly payments increase. You might not qualify for refinancing if the value of your home goes down or if something unexpected damages your financial situation, like a job loss or medical costs.

Learn about how ARMs work

As you decide whether to move ahead with an ARM, you should understand how they work and how your housing costs can be affected.

Interest rate = index + margin

The interest rate on an ARM has two parts: the index and the margin.

INDEX

An **index** is a measure of interest rates generally that reflects trends in the overall economy. Different lenders use different indexes for their ARM programs.

Common indexes include the U.S. prime rate and the Constant Maturity Treasury (CMT) rate. Talk with your lender to find out more about the index they use, which is also shown on your Loan Estimate.

MARGIN

The **margin** is an extra percentage that the lender adds to the index.

You can shop around to different lenders to find the lowest combination of the index plus the margin. Your Loan Estimate shows the index and the margin being offered to you.

Changes to initial rate and payment

The *initial* interest rate and *initial* principal and interest payment amount on an ARM remain in effect for a limited period.

So, when you see ARMs advertised as 5/1 or 5/6m ARMs:

- The first number tells you the length of time your initial interest rate lasts.
- The second number tells you how often the rate changes after that.

For example, during the first five years in a 5/6m ARM your rate stays the same. After that, the rate may adjust every six months (the 6m in the 5/6m example) until the loan is paid off. This period between rate changes is called the **adjustment period**. Adjustment periods can vary. Some last a month, a year, or like this example, six months.

For some ARMs, the initial rate and payment can be very different from the rates and payments later in the loan term. Even if the market for interest rates is stable, your rates and payments could change a lot.

Use your Loan Estimate to understand your ARM

When you apply for a mortgage, the lender gives you a document called a **Loan Estimate**. It describes important features of the loan the lender is offering you. This section illustrates the parts of a Loan Estimate that are specific features of ARM loans. An interactive, online version of this Loan Estimate sample is available at: cfpb.gov/arm-explainer/

INTEREST RATE

The Loan Estimate shows the *initial* interest rate you pay at the beginning of your loan term. This row also shows how often your rate can change and how high it can go.

MONTHLY PRINCIPAL & INTEREST

The Loan Estimate shows the *initial* monthly principal and interest payment you'll make if you accept this loan. Your **principal** is the money that you originally agreed to pay back on your loan. **Interest** is a cost you pay to borrow the principal. The initial principal and interest payment amount for an ARM is set only for the initial period and may change after that.

THE TALK

You might hear, "An ARM makes sense because you can refinance the loan before your interest rate and monthly payment increase."

Ask yourself, a spouse, or a loved one:

"What if the market value of the home goes down?"

"What if our financial situation or our credit score gets damaged by something unexpected like a job loss or illness?"

"If we can't refinance at a better rate, can we afford the maximum interest rate and payment increase under this loan?"

PRINCIPAL & INTEREST

The monthly principal and interest payment on your ARM is likely to change after the initial period. Review this section to see how your payment can change based on your loan's interest rate.

ESTIMATED TOTAL MONTHLY PAYMENT

Review this row to see the total minimum and maximum monthly payments. The payments include mortgage insurance, property taxes, homeowners insurance, and any additional property assessments or other escrow items. Learn more about these mortgage terms at cfpb.gov/mortgage-terms/

Keep in mind that other parts of your monthly and annual housing costs can change, such as your property taxes and homeowners insurance payments.

THE TALK

Talk over how your financial life could be affected if your ARM monthly payment increases. In future years, you might face money decisions like:

- Job changes
- School or other education expenses
- Medical needs and expenses

Because ARM adjustments are unpredictable, you might have less or more financial flexibility for other parts of your life.

Adjustable Interest Rate (AIR) table

You should read and understand the AIR table calculations before committing to an ARM.

It's important to know how your interest rate changes over the life of your loan.

INDEX + MARGIN

Your lender is required to show you how your interest rate is calculated, which is determined by the index and margin on your loan. See page 2 of this booklet for more about index and margin.

INITIAL INTEREST RATE

This is the interest rate at the beginning of your loan. The initial interest rate changes to the index plus the margin at your first adjustment (subject to the limits on interest rate changes). Your loan servicer tells you your new payment amount seven to eight months in advance, so you can budget for it or shop for a new loan.

MINIMUM/MAXIMUM INTEREST RATE

This shows how low or high your interest rate could be over the life of your loan. Generally, an ARM's interest rate is never lower than the margin.

CHANGE FREQUENCY

This indicates when the interest rate on your loan will change. Your loan servicer sends you advance notices of changes.

LIMITS ON INTEREST RATE CHANGES

This shows the highest amount your interest rate can increase when there is a change.

Adjustable Interest Rate (AIR) Table	
Index + Margin	1 Year Cmt + 2.5%
Initial Interest Rate	3%
Minimum/Maximum Interest Rate	2.5% / 8%
Change Frequency	
First Change	Beginning of 61st month
Subsequent Changes	Every 12 months after first change
Limits on Interest Rate Changes	
First Change	2%
Subsequent Changes	2%

! "TEASER" RATES

Some lenders offer a "teaser," "start," or "discounted" rate that is lower than their fully indexed rate. When the teaser rate ends, your loan takes on the fully indexed rate. Don't assume that a loan with a teaser rate is a good one for you. Not everyone's budget can accommodate a higher payment.

Consider this example:

- A lender's fully indexed rate is 4.5% (the index is 2% and the margin is 2.5%).
- The loan also features a "teaser" rate of 3%.
- Even if the index doesn't change, your interest rate still increases from 3% to 4.5% when your teaser rate expires.

COMPARE YOUR ARM OFFERS

Shop for at least three loan offers, and fill in the blanks below using the information on your Loan Estimates:

THE TALK

You are in control of whether or not to proceed with an ARM. If you prefer to proceed with a fixed-rate mortgage, here is one way to start the conversation with a lender:

“A fixed-rate mortgage seems to be a better fit for me. Let’s talk about what you can offer and how it compares to other loans I may be able to get.”

Review your lender’s ARM program disclosure

Your lender gives you an ARM program disclosure when they give you an application. This is the lender’s opportunity to tell you about their different ARM loans and how the loans work. The index and margin can differ from one lender to another, so it is helpful to compare offers from different lenders.

Generally, the index your lender uses won’t change after you get your loan, but your loan contract may allow the lender to switch to a different index in some situations.

GATHER FACTS

Review your program disclosure and ask your lender questions to understand their ARM loan offerings:

- How are the interest rate and payment determined?
- Does this loan have interest-rate **caps** (that is, limits on interest rate changes)?
- How often do the interest rate and payment adjust?
- What index is used and where is it published?
- Is the initial interest rate lower than the fully indexed rate? (see “Teaser rates,” on page 12)
- What type of information is provided in notices of adjustment and when do I receive them?

Ask about other options offered by your lender

Conversion option

Your loan agreement may include a clause that lets you convert the ARM to a fixed-rate mortgage in the future.

When you convert, the new rate is generally set using a formula given in your loan documents. That fixed rate may be higher or lower than interest rates available to you in the market at that time. Also your lender may charge you a conversion fee. Ask your lender whether the loan you are being offered has a conversion feature and how it works.

Special features

You can shop around to understand what special ARM features may be available from different lenders.

Not all programs are the same. Talk with your lender to find out if there’s anything special about their ARM programs that you may find valuable.

Check your ARM for features that could pose risks

Some types of ARMs have features that can reduce your payments in the short term but may include fees or the risk of higher payments later. Review your loan terms and make sure that you understand the fees and how your rate and payment may change. **Lower payments at the beginning could mean higher fees or much higher payments later.**

Paying points to reduce your initial interest rate

Lenders can offer you a lower rate in exchange for paying loan fees at closing, or **points**.

With an ARM, paying points often reduces your interest rate only until the end of the initial period—the reduction most likely does not apply over the life of your loan.

If you are using an ARM to refinance a loan, points are often rolled into your new loan amount. You might not realize you are paying points unless you look carefully. Points are disclosed on the top of Page 2 of your Loan Estimate.

Lenders may give you the option to pay points, but you never have to take that option. To figure out if you have a good deal, compare your cost in points with the amount that you will save with a lower interest rate.

Loan Costs

A. Origination Charges	\$3,160
1% of Loan Amount (Points)	\$2,160
Application Fee	\$500
Processing Fee	\$500

THE TALK

If your Loan Estimate shows points, ask your lender:

- "What is my interest rate if I choose not to pay points?"
- "How much money do I pay in points? And, compared to the total reduction in my payments during the initial period, am I coming out ahead?"
- "Can I see a revised Loan Estimate with the points removed and the interest rate adjusted?"

Interest-only ARMs

With an interest-only ARM payment plan, you pay only the interest for a specified number of years. During this interest-only period, you have smaller monthly payments, but you are not paying anything toward your mortgage loan balance.

When the interest-only period ends, your monthly payment increases—even if interest rates stay the same—because you must start paying back the principal plus the interest each month. Your monthly payments can increase a lot. The longer the interest-only period, the more your monthly payments increase after the interest-only period ends.

Payment option ARMs

Payment option ARMs were common before 2008 when the housing crisis began, and some lenders might still offer them.

A payment option ARM means the borrower can choose from different payment options, such as:

- A traditional principal and interest payment
- An interest-only payment (see above)
- A minimum payment, which could result in negative amortization

Negative amortization happens when you are not paying enough to cover all of the interest due. Your loan balance goes up instead of down.

WELL DONE!

Choosing the right home loan is just as important as choosing the right home. By equipping yourself with knowledge about ARMs, you can decide whether or not this type of loan is the right choice for you.

Consumer Handbook on Adjustable-Rate Mortgages

ASK YOUR LENDER

- How high can my payment go?
- How high can my interest rate go?
- How long is my initial principal and interest payment guaranteed?

ASK YOURSELF

- Have I shopped around to compare ARMs and fixed-rate loans?
- If an ARM has a lower initial interest rate than a fixed-rate mortgage, is paying less money now worth the risk of an increase later?
- Can I afford the highest payment possible with the ARM if I can't sell the home, or refinance into a lower rate, before the increase?
